# Trends and Insights in a Writing Assignment

---

1

## What insights can I see for my writing assignments?

---

Each writing assignment contains a Reports subtab that aggregates data for that particular assignment. Depending on the draft you are reviewing and the elements you've included in that assignment, you will be able to see:

- ✓ **Student and Instructor Progress.** Track students who have submitted vs. who are in progress on a draft. See whether any students have not yet started a draft. See your progress in sending feedback to students.
- ✓ **Rubric Scores** (final draft only). See average scores on your rubric criteria. Click a criterion to review student distribution across the scale of that criterion.
- ✓ **Student Reflection Responses.** Get at-a-glance insight into any polling questions included in the draft. See average response length for free response reflections.
- ✓ **Draft Goals.** For any Draft Goals added to a draft, see the frequency of comments left for each Draft Goal, distributed across comment levels.
- ✓ **Editing Marks.** Track the frequency for any Editing Mark you've used in your feedback on a draft.

## Using the Achieve Writing Assignment Reports

## Student Reflection Responses

- ✓ **Polling questions.** Have my students accepted accountability for engaging in the revision process?
- ✓ **Free response questions.** Are my students completing substantial reflections?
- ✓ **Free response questions.** Are there any patterns to these reflections that might help me understand how well they are engaging with this assignment?

Question 2: I focused on areas of feedback I received ...	60% Agree 20% Neutral
Question 3: The most challenging part of this assignment ...	5 words
Question 4: What I like best about my paper is...	9 words

# Using the Achieve Writing Assignment Reports to plan interventions

- ✓ **Draft Goals Report.** Based on how I leveled the feedback, where are my students doing well, and where are they struggling?
- ✓ **Editing Marks Report.** Based on the number of times I'm marking surface errors, do I need to assign additional practice?
- ✓ How many comments overall am I leaving? Are there areas where I am under/overcommenting?

Draft Goals			Editing Marks	
	<span style="color: red;">●</span>	<span style="color: pink;">●</span>	<span style="color: blue;">●</span>	Number of Comments

# The Achieve Reports Tab

---

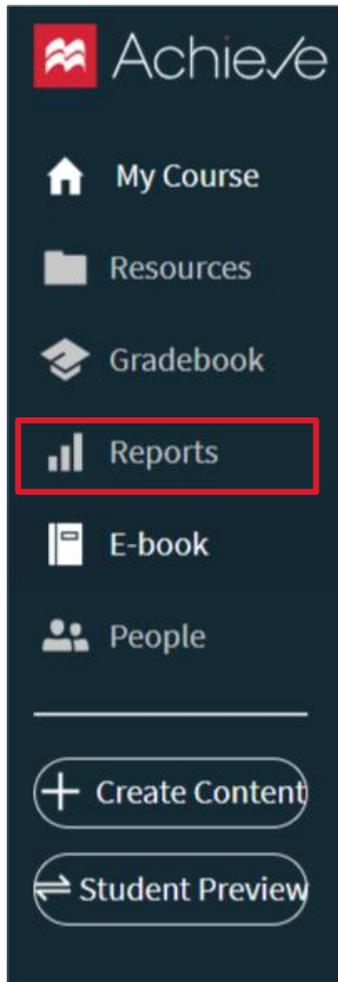

2

## How do I find the Achieve course Reports tab?

---

The Reports tab in Achieve is designed to offer aggregated insights across assignments to help you plan interventions for your class. These insights are based on your feedback and your students' reflection responses.

To locate the course Reports, click the Reports icon in the lefthand menu in your Achieve course.

## What insights can I see in the Reports tab?

---

The Insights in the Reports tab will help you track trends in feedback across assignments. In this tab, you can see the following insights.

- ✓ **Average rubric scores.** Track average rubric score across assignments. Easily monitor growth and see at-risk students.
- ✓ **Reflection snapshot.** This insight surfaces students who indicate they **do not** understand the criteria that will be used to provide them feedback on the most recent assignment. View details to see which students may need additional help understanding the assignment's success criteria, and track patterns of confusion across assignments.
- ✓ **Are students reviewing my feedback?** Achieve will show you how many comments you've made across all assignments and surface areas where students may not be reviewing these comments. Click any criterion to see which students haven't reviewed feedback given for that criterion.

## Average Rubric Scores

- ✓ Which students may be struggling?
- ✓ Are my students improving relative to the rubric criteria as assignments progress?
- ✓ Do my struggling students understand the rubric criteria (here's where the **reflection snapshot** comes in handy!)
