

STRIVE FOR A

Preparing for the AP[®] Microeconomics Exam

Matthew Davis

Strive for a 5: Preparing for the Microeconomics Exam provides a thorough review of macroeconomics with essential tips for test preparation. Designed to align with the third edition of *Krugman's Economics for AP[®]*, *Strive for a 5: Micro* gives students the practice they need to succeed in the AP[®] course and on the exam. The author of this unique guide is an experienced microeconomics instructor—someone who can offer the best tips and advice for getting students to a 5! Special features include:

- Overviews of each section and module to help students put everything into context.
- An introduction to a key model/graph used in that section.
- A module-by-module study guide with support material including module objectives, key vocabulary terms, featured model practice, fill-in-the-blanks, multiple-choice questions, helpful review tips, module notes, and a NEW worksheet.
- Additional problems and review questions to be sure students understand the concepts covered in each section.
- Effective strategies to prepare for and take the exam.
- Two full-length practice exams.
